

VOICES
The soul of ceramic
BASINS

Voices: the soul of ceramic is the new project by Terratinta Group that combines thin slabs, bathroom furniture, thermo-structured panels and shower trays to offer a complete and flexible project to customize bathroom spaces.

With Voices, Terratinta Group offers a selection of floors and walls inspired by music. From the elegance of the opera to the liveliness of rock, crossing through the virtuosity of blues and jazz, the Voices project reflects the musical vocalization through different styles that combine material and color, finishes and geometries, with a reverberation that refers to four interpretations of modern bathroom.

The synergy created by Terratinta Group with Studio Lucchese, Arbi Arredobagno and Fir Italia, realities of experience in their sectors, is the harmonious background on which to build a new symphony.

Voices: the soul of ceramic è il nuovo progetto di Terratinta Group che unisce lastre di spessore sottile, elementi di arredobagno, termoarredo e piatti doccia per offrire un progetto completo e flessibile per la personalizzazione degli spazi bagno.

Terratinta Group propone con Voices una selezione di pavimenti e rivestimenti ispirati alla musica.

Dall'eleganza dell'opera alla vivacità del rock, passando attraverso i virtuosismi del blues e del jazz, il progetto Voices riflette i vocalizzi musicali attraverso stili diversi che accostano materia e colore, finiture e geometrie, con un riverbero che rimanda a quattro modi di interpretare il bagno oggi.

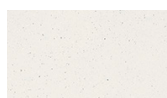

La sinergia creata da Terratinta Group con Studio Lucchese, Arbi Arredobagno e Fir Italia, realtà d'esperienza nei propri settori, è il sottofondo armonioso su cui costruire una sinfonia nuova.
