group

Voices: the soul of ceramic is the new project by Terratinta Group that combines thin slabs, bathroom furniture, thermo-structured panels and shower trays to offer a complete and flexible project to customize bathroom spaces.

With Voices, Terratinta Group offers a selection of floors and walls inspired by music. From the elegance of the opera to the liveliness of rock, crossing through the virtuosity of blues and jazz, the Voices project reflects the musical vocalization through different styles that combine material and color, finishes and geometries, with a reverberation that refers to four interpretations of modern bathroom.

The synergy created by Terratinta Group with Studio Lucchese, Arbi Arredobagno and Fir Italia, realities of experience in their sectors, is the harmonious background on which to build a new symphony.

Voices: the soul of ceramic è il nuovo progetto di Terratinta Group che unisce lastre di spessore sottile, elementi di arredobagno, termoarredo e piatti doccia per offrire un progetto completo e flessibile per la personalizzazione degli spazi bagno.

Terratinta Group propone con Voices una selezione di pavimenti e rivestimenti ispirati alla musica.

Dall'eleganza dell'opera alla vivacità del rock, passando attraverso i virtuosismi del blues e del jazz, il progetto Voices riflette i vocalizzi musicali attraverso stili diversi che accostano materia e colore, finiture e geometrie, con un riverbero che rimanda a quattro modi di interpretare il bagno oggi.

La sinergia creata da Terratinta Group con Studio Lucchese, Arbi Arredobagno e Fir Italia, realtà d'esperienza nei propri settori, è il sottofondo armonioso su cui costruire una sinfonia nuova.

Version I

OPERA

The grandeur of classicism.
The timeless elegance of past.
The richness of Mediterranean landscapes.

A world made of style, abundance and sophistication, where interiors reflect the status of the high society living “la dolce vita”. Marbles, golden details and soft colors are mixed with wood, in a poetic combination of warmth and magnificence.

*Lo splendore della classicità.
L'eleganza senza tempo del passato.
La ricchezza dei paesaggi mediterranei.*

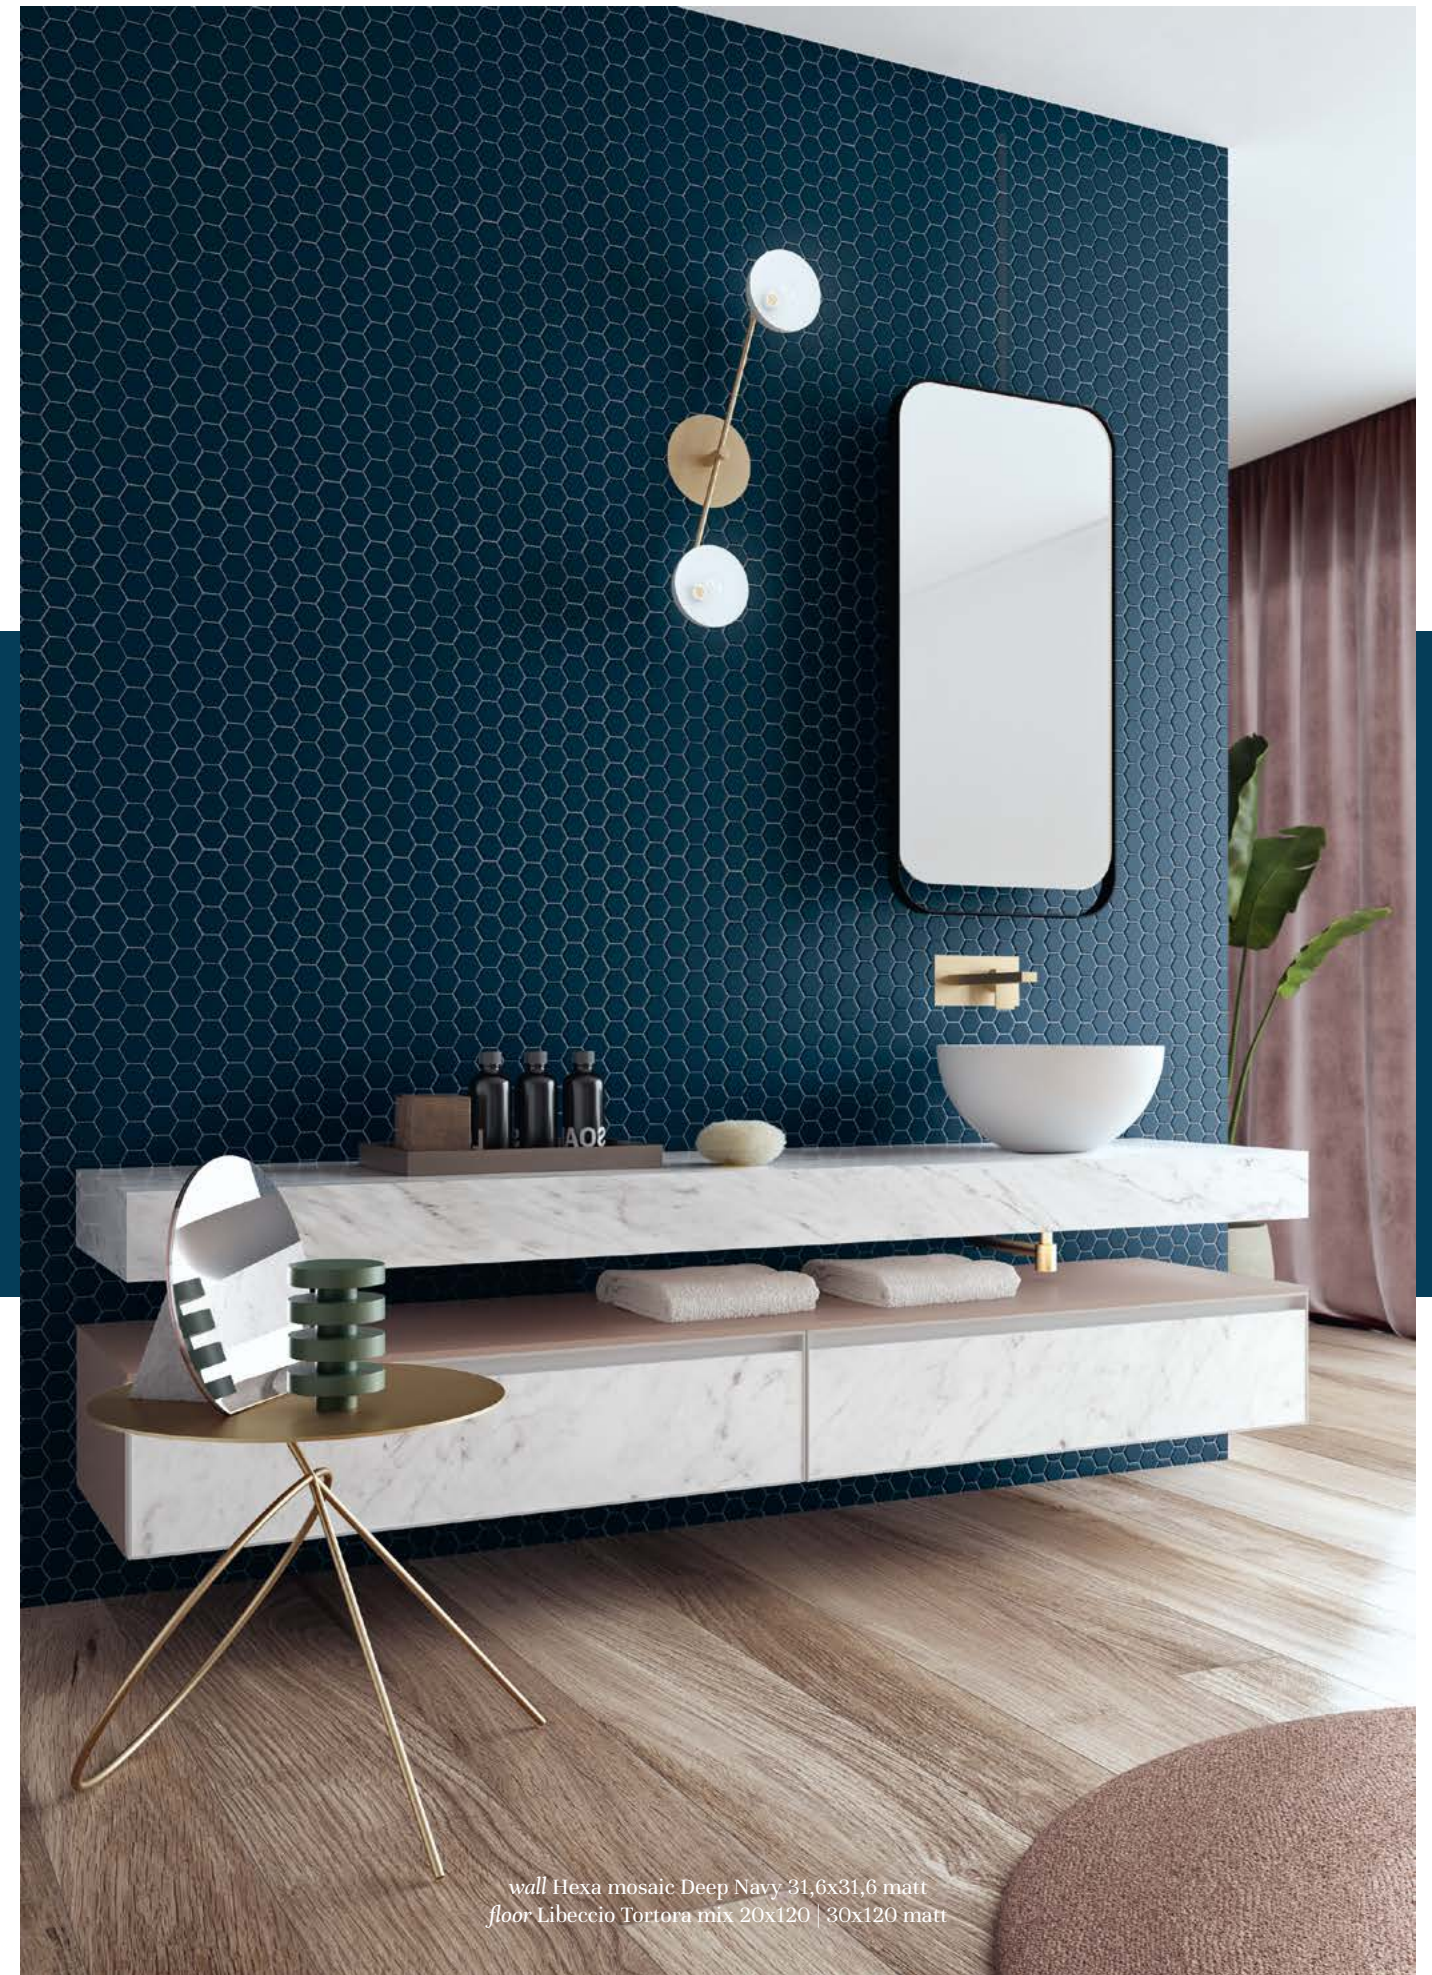

Un mondo di stile, prosperità e ricercatezza, in cui gli interni riflettono lo status dell'alta società che vive “la dolce vita”. Marmi, dettagli dorati e colori tenui sono accostati in un dialogo poetico tra calore e imponenza.

BLUES

The exotic appeal of faraway lands.
The warm hug of a vintage tune.
The swift rhythm of a dynamic era.

When intensity meets delicacy, materials give life to cozy yet safe hideaways. The perfectly balanced dialogue among nature-inspired materials and colors welcomes people in an embrace that restores energy and vigor.

Il fascino esotico di terre lontane.

Il caldo abbraccio di un brano vintage.

Il ritmo scattante di un'era dinamica.

Quando il carattere incontra la delicatezza, i materiali danno vita a rifugi intimi e sicuri.

Il dialogo perfettamente equilibrato tra colori e materiali ispirati alla natura avvolge in un abbraccio che restituisce le energie e il vigore.

ROCK

The energetic thrill of a new challenge.
The strong resolution of a fresh morning.
The explosive outburst of a happy news.

Powerful colors, strong contrasts and bold lines:
the eclectic ingredients of a modern interior. The
rebellious spirit of the 80s in its very essence: a place
where no limits are imposed and self-expression in
all its forms is encouraged.

Il brivido energetico di una nuova sfida.

La forte risoluzione prima dell'inizio della giornata.

La gioia esplosiva di una buona notizia.

*Colori decisi, contrasti forti e linee audaci: gli
ingredienti eclettici di un interno moderno. Lo
spirito ribelle degli anni 80 nella sua vera essenza:
un ambiente in cui nessun limite è imposto e in cui
l'espressione del sé è incoraggiata.*

JAZZ

The gentle touch of fingers playing the piano.
The intimate feeling of a quiet night in.
The voluptuous grace of feminine moves.

A contrast to the everyday life fervor, a holy nest
inside a home where everyone can find inner peace.
The encounter between pure materials and relaxing
colors recharges spirits and has beneficial effects
on moods.

*Il tocco gentile delle dita che suonano un pianoforte.
L'intima distensione di una serata a casa.
La morbida grazia dei movimenti femminili.*

*Un contrasto all'intensità della vita quotidiana, un nido
all'interno della casa in cui ritrovare la pace interiore.
L'incontro tra materiali puri e colori rilassanti ricarica
lo spirito e ha effetti benefici sull'umore.*

DESIGNER

We warmly thank Architect Francesco Lucchese for his commitment and propositive attitude that helped us bring together realities with experience in their proper sectors and creating a new world of excellence for Terratinta Group.

Ringraziamo vivamente l'architetto Francesco Lucchese per l'impegno e la positività con cui ha supportato l'unione di realtà di esperienza nei rispettivi settori per creare un nuovo mondo di eccellenza per il Gruppo Terratinta.

Francesco Lucchese was born in Messina in 1960 and graduated in Architecture at Politecnico di Milano in 1985. His professional career started with the achievement of the first ADI prize for a foldable chair.

In 1986, he founded Lucchesedesign Studio, a multidisciplinary organization which, besides working on architecture and product design projects, also coordinates branding, communication, strategic and exhibitions projects for several companies. The products, designed for both Italian and international companies belonging to different market segments (furniture, lighting, bathroom, surfaces, accessories, etc.) are often awarded with important prizes.

The architecture activities are carried out mostly in foreign Countries (China, Brazil, Bulgaria, Belgium, etc.) and are represented by big projects such as hotels, public spaces, showrooms and exclusive private residences.

The opening of a Chinese headquarter in Nanjing makes the Studio competitive on the Asian market thanks to the direct presence on the territory, while a solid partnership with a professional in Dubai opens up new horizons in the Middle East.

Besides carrying out these professional activities, Francesco Lucchese is a Professor of the Design Faculty at Politecnico di Milano.

Francesco Lucchese nasce a Messina nel 1960 e consegue la laurea in Architettura presso il Politecnico di Milano nel 1985. Inizia la sua carriera ricevendo il primo premio ADI per un progetto di sedia pieghevole.

Nel 1986 fonda lo studio Lucchesedesign, realtà multidisciplinare che affianca al design di prodotto e all'architettura il coordinamento di progetti di posizionamento aziendale, eventi e strategie di comunicazione. I prodotti, disegnati per aziende italiane e internazionali di diversi settori (arredo, luce, arredobagno, superfici, complementi, ecc.) ricevono prestigiosi riconoscimenti.

L'attività di architettura è rappresentata da progetti rilevanti come hotels, spazi pubblici, showroom ed esclusive residenze private, soprattutto all'estero (Cina, Brasile, Bulgaria, Belgio, ecc.).

L'apertura di una sede a Nanjing (Cina) rende lo Studio competitivo sul mercato asiatico, in quanto garantisce una presenza diretta sul territorio, mentre una partnership consolidata a Dubai apre nuove prospettive di progetto nell'area del Medio Oriente.

Parallelamente alle attività di progetto, Francesco Lucchese porta avanti l'attività di docenza al Politecnico di Milano presso la Facoltà di Design.
